Vanilla Rose Lip Scrub

2 tbsp. Sugar or Brown Sugar, fine

1 tbsp Coconut Oil

1 tsp. Irish Moss Powder

3 drops Geranium Essential Oil

3 drops Vanilla Oleoresin

Natural Colorant: Pink Mica/Rose Petal Powder

3-4 drops Vitamin E Oil

Small Bowl

Small Containers

Add finely ground sugar or brown sugar to a small bowl. If sugar is coarse, use a food processor to grind into a fine powder. If making a rose petal lip scrub, add a spoonful of rose petal powder or a sprinkle of dried rose petals. Grind or lightly chop the rose petals into smaller pieces first.

Add the coconut oil and Irish moss powder. Mix well to incorporate and thoroughly coat the sugar. Add the essential oils, mix well once again. Then add your natural colorant and vitamin E oil. Mix thoroughly to incorporate the color evenly. Transfer the lip scrub to small glass containers or lip balm tins, and seal well.
