Honey Beet Tinted Lip Shine

Double Boiler

3 tbsp. Jojoba Oil

2 tbsp Raw Honey

2 tbsp Beeswax

2 tsp Coconut Oil

1 1/2 tsp Beet Powder, sifted

1 tsp Irish Moss Powder

1/4 tsp Vitamin E Oil

10 drops Peppermint Essential Oil

6 Lip Balm Tubes/Tins

In a double boiler over medium heat, add jojoba oil, raw honey, beeswax, coconut oil, sifted beet powder, irish moss powder and vitamin E oil. Whisk constantly until the mixture has liquified and the ingredients are smoothly combined, about 5 minutes. Stir in the peppermint essential oil, and pour the mixture into lip balm tubes or tins. Let the lip shine sit, uncovered, until cool and hardened, about 1 hour. Once cooled, secure lids and store in a cool place for up to 6 months.
